

## About Us

Our AimsChild Care New South Wales:HELPS MEMBERS provide high quality child-development and parent support.  
HELPS MEMBERS operate high-quality, profitable, growing businesses.  
HELPS GOVERNMENT harness the power of the childcare market to improve child, family, and community outcomes.  
HELPS BUSINESS AND FAMILIES balance work-needs and family needs.  
EXPLAINS TO THE COMMUNITY what childcare delivers, and why high-quality matters for child-development, and for supporting family.To meet our aims Child Care New South Wales will:Promote excellence in childcare.  
Help members manage their business by understanding member's professional and business needs, by supplying information designed to meet those needs, and by connecting members to decision-making systems.  
Assist and advise members with licensing or regulatory issues with the Department of Community Services.  
Represent the private sector and individual members in industrial matters, and supply information and explanation on wages and award conditions.  
Help members understand and apply the Quality Improvement and Accreditation System.  
Give members a responsible voice in decisions that affect private childcare operators and our child and parent customers.  
Help decision-makers make better decisions about childcare through good information obtained by research, case-studies, analysis of impact studies, and by sharing ideas on sensible risk-management strategy.  
Work with all levels of Government to minimise red-tape for childcare services and families by improving the coordination of all stakeholders.
